

AFRICAN LP GAS SUMMIT

DEFINING LPG GROWTH, USAGE AND SUSTAINABLE DEVELOPMENT IN AFRICA

PARTICIPATE IN THE **FASTEST GROWING** LPG MARKET IN THE WORLD TODAY!

The Petroleum Institute of East Africa (PIEA) has projected a sharp rise in gas usage, as more households abandon traditional source like firewood and charcoal.

From Kenya to South Africa, LPG demand is expected to boom and many companies are investing in African infrastructure and development to deliver LPG to an energy starved continent.

Don't miss the inaugural African LP Gas Summit, the only technical LPG event in Africa in 2014
